

Module 2: Footprinting Lab 3: Shodan

Description: In this lab, we are going to briefly explore the Shodan search engine.

Requirements for the lab: You need a Web browser

Step 1: Go to the Shodan website (<https://www.shodan.io/>) or locate it in a search engine

Step 2: On the Shodan website, you will need to register for an account (if you don't already have one)

Step 3: Once you create/verify your account, you can start searching for devices. In this lab, we are just going to do a search for "cisco router" in the search box.

Step 4: Next, click on a country on the left-side (I'm choosing the United States)

Step 5: Filter even further by selecting a city

Question 1: Do you see any usernames or passwords?

If yes, write some of them here _____
